# EMPOWERING ENERGY TRANSITION

## Pairing Technology with Sustainability

The Romania's leading energy technology event & networking platform **Energy Tech Day (ETD) - Empowering Energy Transition: Pairing Technology with Sustainability** will take place on April 17-18th, at JW Marriott Bucharest Grand Hotel.

This 5th edition of the ETD focuses on the newest sustainable approaches for decarbonization of the energy sector through smart strategies, innovative technologies and concepts, digital tools, and available mechanisms.

With a dedicated technical programme, this high-level conference sets the scene for energy experts to share their perspectives, inspiring presentations, and alternative viewpoints.

**Energy Tech Day 2024** will bring together international professionals, national government authorities, clean energy leaders, investors, business owners, technology developers across the entire energy value chain to explore new opportunities and challenges on the path towards sustainability.

### Institutional Partner

### Supporting Organizations

### KEY TOPICS

- Romania's transition to net-zero by 2050: Costs and benefits
- Redefining the European energy sector: Opportunities for Romania
- Romanian scheme under Recovery and Resilience Facility to support affordable, sustainable, and reliable energy
- Investments for a smart and flexible energy system
- Net-zero strategic projects
- Tech advancements for a reliable energy supply with lower emissions, efficient budgets, and improved safety
- Energy efficiency, renewable sources, and savings – Basic pillars of energy transition in 2024
- Enhancing circularity in the clean energy value chain; decarbonising hard-to-abate sectors
- Deployment of low-carbon technologies like green hydrogen, nuclear, biofuels, carbon capture
- Expansion and modernisation of the electricity grid
- Modern energy storage technologies
- Offshore & onshore wind and solar power gaining momentum
- Improving the security of energy supply while speeding the journey to net-zero

### Reasons to attend ETD 2024

- Strategy & outlook presentations from important energy players
- Practical case studies & applications across the whole value chain, real-time operations, and advanced analytics
- Debates on new business models, emerging technologies, and culture change
- Hear from experts in technology and finance
- Find collaborative opportunities & leverages within the industry
- Grow your business with a strategic partnership
- Showcasing your most valuable products and services: provide demos using specialized language for specialized audience

# Conference agenda

## April 17th

**ENERGY**  
INDUSTRY REVIEW

18:30-21:30 **Networking Cocktail offered by**

**A Grand Ballroom**

**Setting the scene: Energy experts on Pairing Technology with Sustainability in Romania**

## April 18th

8:30 - 9:15 **Registration Coffee offered by**

**Constanta Ballroom**

**Opening Remarks**

9:15 - 9:45 **OANA-MARCIANA ÖZMEN** - Secretary, **COMMITTEE FOR INDUSTRIES AND SERVICES**  
**DAN-DRAGOS DRAGAN** - Secretary of State, **ROMANIAN MINISTRY OF ENERGY**  
**GABRIEL ANDRONACHE** - Vice-President, **ANRE**

9:45 - 11:15 ROMANIA ENSURING ACCESS TO AFFORDABLE, RELIABLE, SUSTAINABLE AND MODERN ENERGY

**SLOBODAN STOJIC** - Principal Reservoir Geologist, **SLB**

*Screening and Ranking Carbon Storage Sites*

**VLADISLAV ATANASSOV** - Senior Advisor Business Development, Exploration and Production, **OMV PETROM**

*CCS Technology: Opportunities and Challenges*

**VASILE CARSTEA** - General Manager, **DEPOGAZ**

*Underground Gas Storage – Strategic Role in Central and Eastern Europe's Energy Security*

**ALEXANDRA DAMASCAN-ARMEGIOIU** - President, **SERINUS ENERGY ROMANIA**

*A.I. in the Energy Sector*

**ADRIAN STAICU** - Business Development Manager, **XP**

*Successful Decarbonization for Oil & Gas Upstream in Practice*

**FLORINA CIULEI** - Marketing Representative, **INCDT COMOTI**

*Sustainable Solutions for the Energy Sector*

**NARCIS FLORICIOIU** - Deputy Technical Development Director, **CHIMCOMPLEX**

*Energy Efficiency and Sustainability in the Chemical Industry*

*Moderator: **Raluca Alexandra Covrig** - Director of Public Affairs and Communication, **OIL AND GAS EMPLOYERS' FEDERATION***

11:15 – 11:45 **Networking Coffee offered by**

11:45 - 13:15 MAKING DECARBONIZATION POSSIBLE WHILE MAINTAINING SECURITY OF SUPPLY

**CORNEL ZEVELEANU** - Director Corporate Affairs & European Funds, **E.ON ROMANIA**

*Interdependencies Between Energy Infrastructure and Alternative Energy Sources*

**NICOLAE VLADUT** - Director of Energy Efficiency and New Technologies Department, **TRANSELECTRICA**

*Research-innovation Projects for the Development of the Electricity Transmission Network*

**MELANIA AMUZA** - Chief Executive Officer, **ROPOWER NUCLEAR**

*The Deployment of SMRs in Romania*

**PETRU RUSET** - Managing Director, **SIEMENS ENERGY**

*Upcoming Sustainable Solutions and Projects*

**ZOLTAN NAGY-BEGE** - Energy Market Department Director, **CIGA ENERGY**

*Challenges and Opportunities Facing the New Wave of Renewables in Romania*

**DANIEL VLASCEANU** - Partner, **VLASCEANU & PARTNERS**

*Financial Instruments for Energy Efficiency and Renewable Energy*

**CATALIN STANCU** - Associated Senior Expert, **HORVÁTH**

*National Hydrogen Strategy for Romania. 2030 Hydrogen Strategy Outlook*

*Moderator: **LAVINIA IANCU** - CEO & Publisher, **ENERGY INDUSTRY REVIEW***

13:15 - 13:30 **Networking Coffee offered by**

13:30 - 15:00 CUTTING-EDGE PROGRESSES: PAIRING TECHNOLOGY WITH SUSTAINABILITY

**MIHNEA ZAMFIR** - Head of Strategy and Sustainability, **E.ON ROMANIA**

*Streamlining Technological Advancements as Key Enabler for Our Sustainability Commitments*

**ROBERT KENDERESSY** - Regional Sales Manager Balkans Area, **SOLAX POWER**

*Advanced Battery Technologies Paving the Way to Cleaner Energy*

**ALEXANDRU CHIRITA** - Chief Executive Officer, **ELECTRICA**

*Smart Grids and the Digital Transformation of the Electricity Network*

**MATTHIEU BANAL** - Innovation Finance Advisory, **EUROPEAN INVESTMENT BANK**

*The European Investment Bank's Financing and Advisory Support to Sustainable Projects*

**ROBERT-ERNEST CRUCERU** - Attorney at Law, **CRUCERU LAW FIRM**

*EU's Electricity Market Reform*

**EVANGELOS SAMOUIL** - Business Development Executive, **SIGMA STRUCTURES**

*Smart Distributed Clean Energy Technologies*

**ADRIAN BOROTEA** - Country Manager, **VERBUND WIND POWER ROMANIA**

*Integrated Electricity Generation*

*Moderator: **IULIAN HARPA** - Managing Partner, **HIM PUBLIC AFFAIRS***

15:00 - 16:00 **Networking Lunch offered by**

## PARTNER € 2500

- Inclusion of logo in up to (6) six e-news blasts
- Free participation for (3) three delegates
- One presentation in any session of the conference
- Company name recognition as “Partner” in digital programme and on the event website
- Promotional material/corporate literature on the conference tables
- Company logo on the main stage backdrop
- Company logo on promotional printed conference materials
- Company Banner ups display in the conference area
